

*Getting Creative – Some examples of BUNDactions
for sustainable infrastructure policy in Germany*

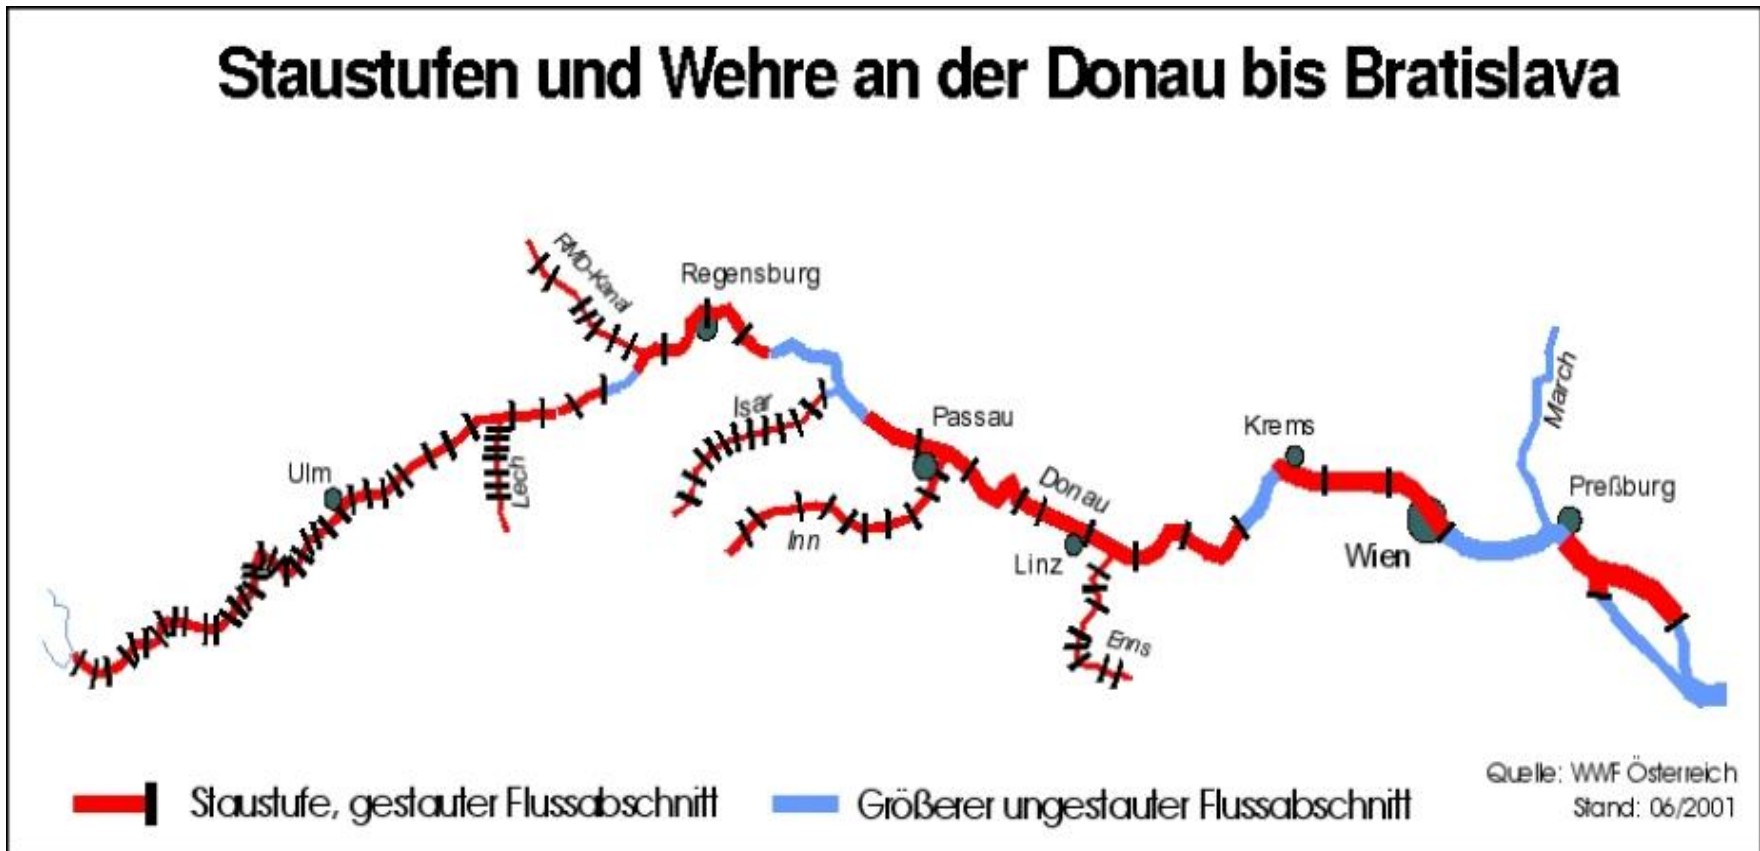

Intelligent transport policy

Instead of concrete and asphalt

Some recent examples of creative actions to infrastructure, dust and noise

- Excellent and well argued lobbywork is not enough
 - Nice and professional brochures and flyers are not enough
 - Public Actions are needed to produce images
 - Public Actions are needed in the locations / sites
 - where decisions take place,
 - where destruction takes place,
 - where people discuss (market places ...)
- Intelligent transport policy
- Instead of concrete and asphalt
