

Workshop Topic: Natura 2000

Most important topics:

- Support for NGO
- Useful instruments

What do we want to achieve?

- Empower NGOs
- Scandalize potential conflict projects
- Coordinate NGO-activities related to transport and nature protection/Natura 2000

Strategies:

- Map showing conflicts/potential conflicts + database
- Guidelines how to use best legal tools

Steps to proceed:

- Identify interested NGOs and the role they can play
- Identify funding
- Establish a network

Action points for the next half year:

- Establishing the network
- Data collection and preparation of the map
- Push EU and national governments to do the job

What each of us can offer:

- Extend and use more intensively the google group
- Identify one well informed env.-lawyer per memberstate.
